YARRELL TO SOUTHALL

Accepts Invitation of the Latter to Meet Him in Joint Discussion in Petersburg.

FISHER-GOULD CASE

May be Some Time Before the Opinion of Judge Mullen Is Filed-Other News.

(Special to The Times-Dispatch.)
PETERSBURG, VA., July 19.—Judge L. D. Yarrell, candidate for the congressional nomination in the Fourth District of Virginia, is in the city, and to-day sent a telegram to Hon, R. G. Southall, "with pleasuro" the latter's invitation to a joint debate between them, to be held in Petersburg on July 28th. In the matter of a tariff on local pro

ducts, the two candidates hold exactly opposite views, Judge Yarreil advocating a protective policy and Mr. Southall free irade, but it is believed by those informed that their debate will be mainly a review of political records.

THE FISHER-GOULD CASE.

THE FISHER GOULD CASE.

It is not known when Judge Mullen will render his decision in the Fisher-Gould case. He has several other matters to settle before writing his opinion in that case, and the regular July term of the Hustings Court begins on Thursday. After the conclusion of argument in the Fisher-Gould case Judge Millen, when taking the papers, said that he had no official information of any other litigation in the matter, and that this court would not be responsible for any complications arising from its decision.

CROPS DOING WELL

Farmers in the Emporia Section

in Fine Spirits.

in Fine Spirits.

(Special to The Times-Dispatch.)

EMPORIA, VA., July 19.—The farmers are highly pleased with the showing their crops have made up to date, and if the elements are favorable from now until the latter part of next month the yield will be far above the average for the past ten years.

In this section of the State the principal products are peanuts and cotton. Some planters, however, have good acreage in tobacco, grasses, wheat, oats and rye, besides large tracts of corn, and all indicate a most prosperous harvest.

Vegetables, berries and fruits have been abundant so far, and everything points to a splendid crop of meions of all descriptions, which will be ready for market within the next two weeks. A great many truckers have been encouraged to increase their farming facilities in the future from the fact of their products hrighing extra good prices this summer, and if a conservative estimate counts for anything, the Northern and Eastern market will consume practically the output from this section, but in case disposition is not made of the truck there, the home market will readily consume the surplus.

From two to three crops will be made

the home market will readily consume the sturplus.

From two to three crops will be made on the richer hands here this year. This applies especially to the vegetable kingdom, but with judiclous tillage and good seasons it will apply to other products, for nine months of the year the sprouting and bearing season may be counted upon. The land is to be had at a moderate price, and any soil desired can be located and purchased.

Fire at McKenney.

(Special to The Times-Dispatch.)

M'KENNEY, VA. July 12.—The boiler house of the McKenney Manufacturing Company was destroyed by fire this morning at 1030 o'clock. The main building was scorched badly, but the damage done was small. The loss is covered by insurance. The fire originated from the boliers and spread fast. In five minutes there were seventy-five men on the ground with buckets, and everybody worked fast, which was all that saved the main building.

WHOLE CROP OF WHEAT DESTROYED BY FIRE

(Special to The Times-Dispatch.)

AMHERST, VA, July 19.—Mr. Frank-Camden, an Amherst farmer, lost his entire crop of wheat, amounting to about 150 bushels, by fire yesterday. The fire caught from the threshing machine, while the hands were eating dinner.

Sections of the county are suffering greatly at present from drought. There has not been any rain in parts of the county for over a month, and the corn crop is already considerably damaged. The hot sun of the last few days has been especially trying on it. Farmers are busy threshing wheat and the yeld is generally much better than was expected.

Warwick Circuit Court Refuses to Set Aside the Order Closing Them.

YOUNG MAN IS MISSING

Joseph Levin Not Seen for Days and May Have Been Drowned. Janitas Gets Nine Years.

(Special to The Times-Dispatch.)

NEWFORT NEWS, VA., July 19.—

The residents of this city who have been making a fight against the sale of liquor just across the line at this foot of Chestnut Avenue, scored another victory before Judge Tyler, in the Circuit Court. At Warkwick Courthouse te-day.

The motion to set aside the order recently issued closing all of the clubs in the county, including the Warwick Literary and Social Club, against which such a strong fight had been made, was over-ruled, and counsel for the clubs gave notice that they would take the case to the Court of Appeals.

To-morrow morning the cases of several saloons and social clubs which were indicted during the last term of the court will be taken up.

MAY HAVE BEEN DROWNED.

Joseph Levin, a young man who came here from Norfolk two weeks aso. is

indicted during the last term of the court will be taken up.

MAY HAVE BEEN DROWNED.

Joseph Levin, a young man who came here from Norfolk two weeks ago, is strangely missing, and it is believed that lie has been drowned. Levin came here, secured board at the home of J. Halperin, No. 2000 Orcutt Avenue, and went to work at the shipyard. One day last week he left home as usual to go to work and has not been seen since.

It is said that the young man entered the yard, but the shipyard people can give no information concerning him. A report that a man was drowned off one of the ship-yard piers several days ago, gives ground for the theory that the young man has lost his life.

TIDEWATER COMPANY'S OPTIONS.

The article published Sunday to the effect that the Tidewater Railway Company has secured an option on the Warwick Hotel, pier A, and a large part of the Casino grounds from the Old Dominion Land Company, is causing a great deal of discussion among the busliess men of the, city. Although the story is denied at the local office of the land company, it is admitted that such a transaction might be put through by the New York office without the knowledge of the local people, so little attention is paid to the denials. Two telegrams to President C. B. Orcutt, of the land company, have falled to bring a reply of any kind and the silence is considered significant. The statement that the railway company has options on the Casino property, as well as water-front property below the Chesapeake and Ohlo piers, comes from excellent authority. It is said that the new coal carrying road is seriously considering locating its terminal here.
